

# Safety Data Sheet according to Regulation (EC) No. 1907/2006 (REACH)

Revision Date: 24-oct-2012 Version No.: 3

1. Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

Trade name/designation Buffer pH 6.80 (20°C) ± 0.1 pH-units tablets Gurr® for preparation of

microscopical staining solutions

Product No. 33193 (VWR International)
Substance name Buffer pH 6.80 (20°C)

CAS No. INDEX no.

REACH registration No. Not yet communicated down the supply chain.

other means of identification

1.2 Relevant identified uses of the substance or mixture and uses advised against

Relevant identified uses for laboratory use and chemical production.

1.3 Details of the supplier of the safety data sheet

Supplier (manufacturer/importer/only representative/downstream user/distributor)

VWR International Ltd.

Street Hunter Boulevard, Magna Park

Postal code/city Lutterworth, LE17 4XN

country United Kingdom
Telephone 0800 22 33 44
Telefax 01455 55 85 86
E-mail (competent person) vwrsds@eu.vwr.com

1.4 Emergency telephone

Telephone +44 (0) 1270 502894

- 2. Hazards identification
- 2.1 Classification of the substance or mixture
- 2.1.1 Classification according to Regulation (EC) No. 1272/2008 [CLP]

This mixture is classified as not hazardous according to regulation (EC) 1272/2008 [CLP].

This mixture is not classified as dangerous according to 1999/45/EC.				
2.2 Label elements				
2.2.1 Labelling according to Regulation (EC) No. 1272/2008 [CLP]				
not applicable				
Signal word not applicable				
Hazard Statements not applicable				
Precautionary statements not applicable				
2.2.2 Labelling (67/548/EEC or 1999/45/EC)				
Hazard symbols:				
not applicable				
R-phrases not applicable				
S-phrases not applicable				
2.3 Other hazards				
none				
3. Composition/ Information on ingredients				
Hazardous ingredients: Classification according to Regulation (EC) No. 1272/2008 [CLP]				
This mixture is classified as not hazardous according to regulation (EC) 1272/2008 [CLP].				
Hazardous ingredients: Classification according to 67/548/EEC				
Molecular formula  Molecular weight (g/mol)  CAS No.  EC No				

2.1.2 Classification according to Directive 67/548/EEC or 1999/45/EC

#### First-aid measures

#### 4.1 General information

When in doubt or if symptoms are observed, get medical advice. If unconscious place in recovery position and seek medical advice. Never give anything by mouth to an unconscious person or a person with cramps. Change contaminated, saturated clothing. Do not leave affected person unattended.

#### 4.2 After inhalation

Remove casualty to fresh air and keep warm and at rest. If breathing is irregular or stopped, administer artificial respiration. In case of respiratory tract irritation, consult a physician.

#### 4.3 In case of skin contact

After contact with skin, wash immediately with plenty of water and soap. Remove contaminated, saturated clothing immediately. In case of skin reactions, consult a physician.

### 4.4 After eye contact

In case of contact with eyes flush immediately with plenty of flowing water for 10 to 15 minutes holding eyelids apart and consult an ophthalmologist. Protect uninjured eye. Remove contact lenses, if present and easy to do. Continue rinsing.

# 4.5 After ingestion

If accidentally swallowed rinse the mouth with plenty of water (only if the person is conscious) and obtain immediate medical attention. Do not induce vomiting. Give nothing to eat or drink.

#### 4.6 Self-protection of the first aider

First aider: Pay attention to self-protection!

# 4.7 Information to physician:

Symptoms No data available
Hazards No data available
Treatment No data available

#### Firefighting measures

#### 5.1 Suitable extinguishing media

The product itself does not burn. Co-ordinate fire-fighting measures to the fire surroundings.

# 5.2 Extinguishing media which must not be used for safety reasons:

no restriction

#### 5.3 Special hazards arising from the substance or mixture

In case of fire may be liberated: Pyrolysis products, toxic

### 5.4 Advice for firefighters

DO NOT fight fire when fire reaches explosives. In case of fire: Wear self-contained breathing apparatus.

#### 5.5 Additional information

Do not allow run-off from fire-fighting to enter drains or water courses. Do not inhale explosion and combustion gases. Use caution when applying carbon dioxide in confined spaces. Carbon dioxide can displace oxygen. Use water spray jet to protect personnel and to cool endangered containers.

#### 6. Accidental release measures

# 6.1 Personal precautions, protective equipment and emergency procedures

Avoid generation of dust. Do not breathe dust. Provide adequate ventilation. Use personal protection equipment.

# 6.2 Environmental precautions

Do not allow to enter into soil/subsoil. Do not allow to enter into surface water or drains.

### 6.3 Methods and material for containment and cleaning up

Spilled product must never be returned to the original container for recycling. Clean contaminated objects and areas thoroughly observing environmental regulations. Collect in closed and suitable containers for disposal.

# 6.4 Additional information

Clear spills immediately.

# 7. Handling and storage

# 7.1 Precautions for safe handling

Avoid: Inhalation. Avoid contact with skin and eyes. Use extractor hood (laboratory). If handled uncovered, arrangements with local exhaust ventilation have to be used. If local exhaust ventilation is not possible or not sufficient, the entire working area must be ventilated by technical means. Protect from moisture.

# 7.2 Conditions for safe storage, including any incompatibilities

storage temperature

No data available

Keep container tightly closed in a cool, well-ventilated place.

#### 7.3 Specific end use(s)

No data available

# 8. Exposure controls / Personal protection

# 8.1 Control parameters

Does not contain substances above concentration limits fixing an occupational exposure limit.

#### 8.2 Appropriate engineering controls

Technical measures and the application of suitable work processes have priority over personal protection equipment. If handled uncovered, arrangements with local exhaust ventilation have to be used.

### 8.3 Personal protective equipment

Wear suitable protective clothing. When handling with chemical substances, protective clothing with CE-labels including the four control digits must be worn.

#### 8.3.1 Eye / face protection

Eye glasses with side protection DIN-/EN-Norms: DIN EN 166

#### 8.3.2 Skin protection

When handling with chemical substances, protective gloves must be worn with the CE-label including the four control digits. Recommended glove articles DIN-/EN-Norms: DIN EN 374 In the case of wanting to use the gloves again, clean them before taking off and air them well.

By short-term hand contact

Suitable material: NBR (Nitrile rubber)

Thickness of the glove material 0,12 mm
Breakthrough time (maximum wearing time) >480 min

Recommended glove articles VWR 112-0998

By long-term hand contact

Suitable material: NBR (Nitrile rubber)

Thickness of the glove material 0,38 mm
Breakthrough time (maximum wearing time) >480 min

Recommended glove articles VWR 112-3717 / 112-1381

#### 8.3.3 Protective clothing

Wash hands before breaks and after work. Avoid contact with skin and eyes. When using do not eat, drink or smoke. Provide eye shower and label its location conspicuously.

### 8.3.4 Respiratory protection

Usually no personal respirative protection necessary.

Suitable respiratory protection apparatus:

No data available

Recommendation

No data available

Suitable material:

Recommendation

No data available

No data available

#### 8.4 Additional information

Wash hands before breaks and after work. Avoid contact with skin and eyes. When using do not eat, drink or smoke. Provide eye shower and label its location conspicuously.

#### 9. Physical and chemical properties

# 9.1 Information on basic physical and chemical properties

(a) Appearance

Physical state No data available Colour No data available

(b) Odour No data available (c) Odour threshold No data available

### Safety relevant basic data

(d) pH	No data available
(e) Melting point/freezing point	No data available
(f) Initial boiling point and boiling range	No data available
(g) Flash point	No data available
(h) Evaporation rate	No data available
(i) Flammability (solid, gas)	not applicable

(j) Upper/lower flammability or explosive limits

Lower explosion limit (Vol-%)
Upper explosion limit (Vol-%)
No data available
(k) Vapour pressure
No data available
(l) Vapour density
No data available
(m) Relative density
No data available

(n) Solubility(ies)

Water solubility (g/l) No data available

at °C:

Soluble (g/l) in No data available
(o) Partition coefficient: n-octanol/water No data available
(p) Auto-ignition temperature No data available
(q) Decomposition temperature No data available

(r) Viscosity

Kinematic viscosity
Dynamic viscosity
No data available
No data available
No data available
not applicable
(t) Oxidising properties
not applicable

# 9.2 Other information

Bulk density
Ro data available
refraction index
Ro data available
dissociation constant
Ro data available
Surface tension
Ro data available
Henry constant
Ro data available
No data available

# 12.2 Persistence and degradability

12.3 Bioaccumulative potential				
(o) Partition coefficient: n-octanol/water	No data available			
42.4 Mobility in soil				
12.4 Mobility in soil				
No data available				
12.5 Results of PBT assessment				
No data available				
12.6 Other adverse effects				
No data available				
13. Disposal considerations				
13.1 Waste treatment methods				
Appropriate disposal / Product				
Dispose according to legislation. Consult the appropriate local waste disposal expert about waste disposal.				
Waste code product	No data available			
Appropriate disposal / Package				
13.2 Additional information				
No data available				
14. Transport information				
14.1 Land transport (ADR/RID)				
No dangerous good in sense of these transport regulations.				
14.2 Sea transport (IMDG)				
No dangerous good in sense of these transport regulations.				
14.3 Air transport (ICAO-TI / IATA-DGR)				
No dangerous good in sense of these transport regulations.				

14.4 Additional information

- 15. Regulatory information
- 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

Water hazard class (WGK)

No data available

15.2 Chemical Safety Assessment

No data available

- 16. Other information
- 16.1 Relevant R-, H- and EUH-phrases (Number and full text)

not applicable

not applicable

16.2 Additional information

Indication of changes

general update

The above information describes exclusively the safety requirements of the product and is based on our present-day knowledge. The information is intended to give you advice about the safe handling of the product named in this safety data sheet, for storage, processing, transport and disposal. The information cannot be transferred to other products. In the case of mixing the product with other products or in the case of processing, the information on this safety data sheet is not necessarily valid for the new made-up material.
